- ✓ **Option to store files in the cloud in Azure**
- ✓ **Utility to make migration seamless**

# Two Factor Authentication

- ✓ One-time access code
- ✓ Sent via email or text
- ✓ Device remembered
- ✓ Required (or not) at the User level

The screenshot shows the MinistryPlatform Sign In interface. At the top, there's a dark header with the MinistryPlatform logo and a language dropdown set to 'English'. Below the header, the 'Sign In' title is centered, followed by a link for users who don't have an account. The main form contains two input fields: 'Email, Mobile Phone or Username\*' and 'Password\*'. A checkbox for 'Keep me logged in' is present below the password field, along with a 'Forgot password?' link. A prominent blue 'Sign In' button is centered below the form. Underneath, the 'Or Sign In With' section offers social login options for Facebook and Google. A link for 'SHOW MORE LOGIN OPTIONS' is located below the social login buttons. The footer of the page states 'powered by MinistryPlatform' with the company logo.
