AND

We could automate action based on the data submitted in the form!

Get excited! We'll be working on just that - Form Actions!

Form Actions will take Custom Forms to the next level with the ability to:

Update Contact fields (e.g., Date of Birth, Gender)

Create a record (e.g., Milestone, Response, Subscription)

Send message (e.g., email or text)

All based on the user's answers to a Custom Form!
